Happy Wednesday,

Please review the attached next version (V7) of the temp water line policy. This version incorporates changes requested by Robert in the non-compliance section.

Also attached is the template to be used for requesting authorization as well as notifying of installation and removal.

Please let us know if this version is acceptable to the BLM and if it can be determined "Final". If "final", BLM can then transfer the language to BLM letterhead.

Thank you for your patience in working with industry and ranchers on this document.

Sincerely,

Yolanda Perez

Hello team,

Make sure you bring a copy of the attached with you tomorrow's realty meeting. Thank you.

In the paragraph that's in red?

Regards,

Yo

I think the concern for that change would be the time it takes to resolve. Do you know about how long it takes to resolve a trespass?

Regards,

Yo

I think that's why we had put addressed because, as per our discussions, we felt that as long as the operator is working on it with the BLM we would be able to continue other operations.

What do you think?

Regards,

Yo
